Name _____

Leonardo da Vinci: A Man of Many Talents

Open-Ended Response Answer Key

1. His curiosity helped him explore different subjects, make new discoveries, and create amazing inventions.
2. He might invent new robots, flying cars, or even new kinds of art tools.
3. (Student's choice, example: "I think his flying machine was the most interesting because it led to modern airplanes.")
4. (Student's choice, example: "I would invent a robot that helps clean up trash in the ocean.")
