Name _____

Thomas Edison: The Man Who Lit Up the World

Open-Ended Response Answer Key

1. Failure teaches people what doesn't work, helping them improve and find the right solution.
2. Without the light bulb, we might still rely on candles and oil lamps, making life darker and less safe.
3. (Student's choice, example: "A machine that cleans up pollution because we need a cleaner planet.")
4. (Student's choice, example: "I would ask how he stayed motivated, because sometimes things seem too hard.")
