

Name _____

Otto the Octopus Explores the Ocean

Meet Otto, the adventurous octopus! Otto lives in a cozy cave nestled beneath the waves of the big blue ocean. Every morning, Otto sets out on a quest to explore the wonders of the ocean.

He swims past colorful corals, dances with friendly dolphins, and zips through schools of shimmering fish. Along the way, he encounters fascinating creatures like the jellyfish with its soft, floating body, and the lobster with its strong, snappy claws. With each flip of his tentacle, Otto discovers something new and exciting!

Today, Otto's journey takes him to a mysterious shipwreck resting on the ocean floor. As he glides through the rusty remains of the old ship, he spots treasures hidden among the wreckage. A shiny pearl necklace twinkles in the dim light, and a sparkling gemstone catches his eye.

Carefully, Otto collects his treasures and tucks them into his secret hiding spot. With a satisfied wiggle of his tentacles, Otto bids farewell to the shipwreck and continues his underwater adventure, eager to see what other treasures await him in the vast ocean.
