The Great Beach Adventure

One sunny day, a group of friends decided to go on a great beach adventure. Mia, Liam, and Leah packed their bags with all the things they would need for the beach. They brought their favorite beach toys, some snacks, and a big red umbrella.

When they got to the beach, they could feel the soft, warm sand under their feet. The sea was blue and sparkly. Mia said, "Let's build a big sandcastle!" Liam and Leah agreed. They used their buckets and shovels to create a huge sandcastle with tall towers and a deep moat.

After building the sandcastle, they decided to play in the sea. They splashed in the waves and looked for seashells. Leah found a beautiful, shiny seashell and showed it to her friends. "Look what I found!" she exclaimed.

Later, they sat under the big red umbrella and ate their snacks. They had apples, cheese, and bread. As they ate, they saw a seagull flying above. "I wonder what the seagull is looking for," said Liam.

The day was almost over, and the friends were happy and tired. They packed up their things and left the beach, dreaming of their next great beach adventure.
