Timmy's Trip to the Zoo

Timmy the Tiger was a playful cub who lived in the heart of the jungle. One sunny day, his mama decided to take him on a trip to the zoo. Timmy was thrilled! He hopped into the car with a big grin on his face as they drove through the winding roads to reach the zoo.

Along the way, Timmy spotted colorful birds flying in the sky and tall trees swaying in the gentle breeze.

When they finally arrived at the zoo, Timmy's eyes widened with wonder at the sight of all the animals. He saw a big elephant spraying water from its trunk, a cheeky monkey swinging from branch to branch, and a sleepy lion basking in the sun.

But the highlight of Timmy's day was when he met a friendly giraffe with a long neck and a goofy grin. They shared a snack of crunchy leaves and became fast friends, making Timmy's trip to the zoo one he would never forget.
