The Secret of the Wiggly Tooth

Ella had a wiggly tooth, and she couldn't stop playing with it. "It's almost ready to come out!" she told her brother, Max. "Maybe the Tooth Fairy will leave you something cool!" Max said with a grin.

That night, Ella wiggled her tooth one last time, and-pop! It came out! She wrapped it in a tissue and tucked it under her pillow. "I hope the Tooth Fairy comes tonight," she whispered as she drifted off to sleep.

The next morning, Ella found a shiny coin and a tiny note under her pillow. The note said, "Thank you for the lovely tooth! Keep smiling!" Ella showed Max the note. "Wow! The Tooth Fairy really does write notes!" Ella smiled her biggest smile, proud of her new gap and her magical gift.
