A swimming style characterized by an alternating arm motion and a flutter kick, offering speed and efficiency.

A stroke performed while floating on the back, using alternating arm movements and a steady kick.

A technique involving simultaneous arm movements and a frog-like kick for a smooth glide.

A powerful stroke requiring synchronized arm sweeps and a dolphin-like kick.

A designated section of the pool, marked with ropes, to separate swimmers during competition or practice.

A maneuver used to reverse direction quickly at the wall while maintaining momentum.

A team event where swimmers take turns completing segments of the race.

A training tool used to focus on lower body technique and strength development.

One complete traversal of the pool, from one end to the other and back.

The distinct methods of swimming, each with its own rules and techniques for movement in the water.
