# SORT BY SHAPE

Match the shapes.

A matching exercise for shapes. At the top, three octagons contain different images: a blue apple with a white triangle cutout, a red apple with a white square cutout, and a green apple with a white circle cutout. Below these is a dashed horizontal line with a pair of scissors icon on the left. At the bottom, three dashed boxes contain a blue triangle, a green circle, and a red square. Three blue arrows indicate the correct matches: one from the blue triangle to the blue apple, one from the green circle to the green apple, and one from the red square to the red apple.
