A flat, circular object made of rubber, used as the focus of play and scoring.

A powerful and fast shot executed with a sweeping motion and high stick velocity.

The player positioned to block shots and prevent the opposing team from scoring.

A situation where one team has a numerical advantage due to an opponent's temporary removal for a rule infraction.

The method of restarting play where two players compete for control after the puck is dropped.

The rectangular ice surface surrounded by boards, where the game is played.

A consequence imposed for breaking rules, resulting in temporary player removal or disadvantage.

A machine used to resurface and smooth the ice for optimal play conditions.

A piece of equipment used to handle, pass, and shoot during gameplay.

A physical maneuver used to disrupt an opponent's movement or control of the puck.
