

Name _____ **Caret**

Caret

A caret is a mark that looks like an upside-down v (^). The word is Latin in origin, from the word *carēre*, meaning "to lack" or "be without". The main functions of the caret are below. Write or draw your own example or each function.

Indicates where information needs to be inserted in a text.

Directs attention to something previously written (i.e., texting).

To draw pictures or emojis in text.
