

Name _____

The Magic Garden

Lily and Bobby loved to visit the magic garden. The garden was full of plants and flowers that could talk. One day, they met a big, happy rabbit named Benny. Benny was very funny and told them jokes.

"Look at the pretty roses," said Lily. The roses had bright red petals. Bobby found a hidden tunnel under a bush. They crawled through the tunnel and found a tiny pond.

At the pond, they saw a frog and a small crab. The frog jumped into the water with a splash, and the crab waved its claws. "This is the best garden ever!" said Bobby.

Next, they heard a rustle in the leaves. It was a squirrel looking for nuts. The squirrel found a nut and ran up a tree. Lily and Bobby laughed.

They picked a bunch of daisies to take home. The daisies said, "Goodbye, friends!" Lily and Bobby waved and left the magic garden, happy and excited to come back another day.
