

Name _____

The Great Ocean Adventure

Max loves the ocean and its vast mysteries. One day, he sails his boat and searches for new places.

Max reaches an island that surprises him with its beauty.

The island has sandy beaches and tall palm trees. He explores and finds caves with hidden treasures. Max notices the changes in the tides and how they affect the shorelines.

As he moves around, he meets a group of friendly dolphins. They play together, making splashes in the water. Max laughs and enjoys their playful dances. After a while, he discovers seashells of different shapes and sizes. He collects some shells to take home.

As the sun sets, Max feels tired but happy. He knows he will have more ocean adventures and exciting stories to share.
