

Name _____

The Emotion-Flourishing Forest

Short Answer Key

1. Lucy discovered that the leaves in the Emotion-Flourishing Forest could change colors based on the emotions of the creatures living there.
2. The emotion that turned the leaves a deep shade of blue was wisdom and knowledge.
3. Lucy helped the forest animals solve the problem of a raging fire, and her actions turned the leaves a fiery red, reflecting bravery and determination.
4. Lucy felt pride and gratitude as she left the Emotion-Flourishing Forest, and the leaves' color represented contentment and joy at that moment.
5. Lucy learned that emotions were a powerful force, capable of shaping the world around us, and that kindness and courage could make a real difference.
