

Name _____

New Vampires

Short Answer Key

1. Twilight changes vampires by making them beautiful, kind, and able to live among humans.
2. The Cullens do not drink human blood because they want to be different from other vampires and live peacefully.
3. Edward's struggle adds tension because he loves Bella but worries about hurting her.
4. The author may have wanted to make vampires more magical and less like traditional scary monsters.
5. They have emotions, make choices, and try to live like humans, which makes them easier to relate to.
