

Name _____ **Character Traits**

Character Traits

A character trait is an attribute that contributes to a person's overall personality. Character traits are typically described with adjectives, and they can be positive or negative.

Think about someone that you know well. List three of their character traits, and explain how that person has demonstrated these traits.

Trait #1: _____

How do they demonstrate it? _____

Trait #2: _____

How do they demonstrate it? _____

Trait #3: _____

How do they demonstrate it? _____
