

# Anagrams with Names

An anagram is a word, phrase, or name that is formed by rearranging the letters of another word, phrase or name. An anagram uses the exact same letters as the original word or phrase, in a different order, to create a new word or phrase. Some names can be made into humorous anagrams:

Name	Anagram:
William Shakespeare	I'll write a wise phrase
Clint Eastwood	Old West Action

See if you can create anagrams with the names of other well-known people.
