

Name _____

Good Triumphs

From the moment Harry Potter stepped into the wizarding world, he became part of a battle much larger than himself—a battle between good and evil. On one side stood Harry, an ordinary boy who learned he had the courage to do extraordinary things. On the other side was Lord Voldemort, a dark wizard who wanted power above all else. Their conflict in *Harry Potter and the Sorcerer's Stone* shows the difference between

good and evil and how the choices people make define who they are.

Harry never set out to be a hero, but he always chose to do what was right. When he learned that someone was trying to steal the Sorcerer's Stone, he didn't hesitate to act. With the help of his friends, Ron and Hermione, he worked to stop the thief. Harry's bravery, kindness, and loyalty to those he loved made him different from Voldemort, who cared only for himself.

Voldemort, on the other hand, believed that power was the only thing that mattered. He used fear to control others, and he wanted to live forever, even if it meant hurting innocent people. When Harry finally came face to face with him, Voldemort tried to tempt him, suggesting that they weren't so different. But Harry refused to give in to darkness. Unlike Voldemort, who made selfish choices, Harry chose to protect others, even when it was dangerous.

At the end of the novel, Harry's courage and love helped him defeat Voldemort. Because Harry's mother had sacrificed herself to save him as a baby, he was protected by her love—something Voldemort could never understand. This protection stopped Voldemort from hurting Harry, showing that love and goodness are stronger than fear and hatred.

Harry and Voldemort represent two very different paths. One is shaped by kindness and bravery, while the other is fueled by greed and cruelty. Through their conflict, *Harry Potter and the Sorcerer's Stone* teaches an important lesson: good is not just about having power—it is about using that power to help others. And in the end, good will always have the strength to overcome evil.
