

Name _____ Braces

Braces

Braces are a set of punctuation marks used to set off information in a sentence. Only non-essential information should be placed in braces. Braces have the following functions. Write your own example sentences to demonstrate each function. Draw a picture to go with your examples sentences to help you remember them.

To set off in information that is a group or a set:

To nest parentheses, use inside of brackets that appear inside parentheses.

To list musical chords.
