The Pirate's Treasure

One sunny day, a pirate named Gray decided to search for treasure. He took his map and sailed away on his big ship. "Today is the day I find the treasure," said Gray with a smile.

Gray sailed across the bay and saw a small island. He followed the map and found a pathway that led him to a hidden cave. "This way!" he said, holding up the map.

Inside the cave, Gray saw many shiny things. There were gold coins, silver cups, and a big chest. Gray opened the chest and found the treasure. "Hooray! I found it!" he shouted.

After finding the treasure, Gray decided to play on the island. He made a sandcastle and watched the waves. The sun began to set, and Gray knew it was time to go.

Gray sailed back home with his treasure. "What a fun day," he thought. "I can't wait for my next adventure."
