## Lola and the Amazing Circus

Lola loved the circus. One day, her family took her to see the big circus tent. Inside, there were colorful lights and happy clowns. Lola was excited to see the animals and performers.

First, she saw an elephant named Bella. Bella could balance on a small ball. Everyone clapped and cheered for Bella. Next, Lola saw a zebra named

Zippy. Zippy could jump through hoops. It was amazing!

Lola's favorite part was the magic show. The magician wore a tall hat and had a big black cape. He waved his wand and said, "Abracadabra!" Suddenly, a rabbit appeared from his hat. Lola laughed and clapped.

After the magic show, Lola saw a juggler. The juggler could juggle five colorful balls at once. It looked very tricky, but the juggler did it with a smile.

Finally, there was a parade with all the circus animals and performers. Lola waved at Bella the elephant and Zippy the zebra. She had a wonderful time at the circus.
