

Name _____

Secret Island Quest

Ellie and her friends found a secret map in the attic. It showed the way to a hidden island. They sailed across the calm sea, feeling thrilled about the adventure.

The island was full of strange plants and silent animals. Ellie felt an odd thrill when she spotted a mole digging in the sand. The map led them to an old palm tree with a hollow trunk. Inside, they found a scroll telling the tale of a pirate's lost gold.

They all smiled, realizing they were about to discover something special. They followed the trail to a small hill where the treasure was buried. Digging carefully, they uncovered a chest filled with gold coins and jewels.

Ellie felt a mix of joy and accomplishment as they celebrated their find. The island had kept its secret well, but now the treasure belonged to them.
