

Name _____

The Fruitful Quest

In the land of Sweetopia, where fruits grew as big as houses and rivers flowed with chocolate, there lived a cheerful bunch of fruits who loved going on adventures. One sunny day, Peach, Grape, and Blueberry set out on a quest to find the magical fountain that granted wishes. They skipped through fields of juicy strawberries and bounced over hills of fluffy marshmallows, excited to discover the wonders that awaited them.

As they journeyed deeper into the enchanted forest, they stumbled upon a sparkling river guarded by a friendly unicorn named Ruby. Ruby had a shimmering mane of rainbow colors and a horn that glowed with magical light.

With a twinkle in her eye, Ruby told them that the only way to reach the fountain was to solve a riddle. Determined to continue their quest, Peach, Grape, and Blueberry listened closely as Ruby presented them with the challenge.
