

Name _____

The Brave Kite

Jake had a kite that he loved to fly. The kite was red and had a long, blue tail. One day, Jake went to the lake to fly his kite. The wind was strong, and the kite soared high in the sky.

As Jake flew his kite, he saw a cave by the lake. He was curious and decided to explore it. He tied his kite to a rock and walked to the cave. Inside, he saw a huge snake! Jake was scared but tried to be brave.

The snake looked at Jake but did not move. Jake noticed that the snake was stuck under a stone. He found a long stick and used it to lift the stone off the snake. The snake was free and slid away.

Jake went back to his kite and flew it again. He felt proud of his brave act. When he got home, he told his tale to his friends. They all cheered for Jake and his brave kite adventure.
