

Name _____

RoboCare: Guardians of Memory

Open-Ended Response Answer Key

1. The RoboCare in the story are responsible for decorating graves with fresh flowers, playing soft music, and displaying holographic images of veterans' lives. They ensure that military cemeteries are well-maintained and serve as keepers of veterans' memories.
2. The RoboCare make Serenity Fields a place of beauty, respect, and remembrance by carefully tending to the graves, sharing veterans' stories through holographic images, and creating a peaceful atmosphere for visitors to reflect and pay their respects.
3. Technology like the RoboCare could make honoring veterans more efficient and meaningful by ensuring that their stories and sacrifices are always remembered. It may also allow for more interactive and immersive experiences for visitors to military cemeteries.
4. Sarah's dad wanted to teach her about the importance of remembering veterans during their visit to Serenity Fields to instill in her a sense of gratitude and respect for those who served their country. He wanted to ensure that she understood the significance of the RoboCare's work and the importance of honoring veterans' sacrifices.
