

Name _____

The Time-Traveling Treehouse

Open-Ended Response Answer Key

1. Answers may vary. Some students might choose to visit a historical event like the moon landing, while others might want to explore a fictional world, such as a magical kingdom from a favorite book.
2. Sarah and Max likely felt a mix of excitement and curiosity when they discovered the control panel in the treehouse. They were probably wondering what each button and lever would do and where they would end up.
3. Sarah and Max likely learned about different cultures, historical periods, and the importance of curiosity and exploration. They also experienced the thrill of discovery and the joy of sharing their adventures with each other.
4. Answers may vary. Some students might choose to take a sibling or a friend to share the excitement, while others might prefer to go on solo adventures to explore at their own pace.
