## The Bright Night

Lila looked up at the night sky,  
feeling the breeze's gentle sigh.

The stars were bright, creating a  
stunning sight. She noticed the moon high above,  
shining with all its might.

Lila's kite, with its vibrant colors, soared to an  
impressive height. As she watched, a firefly's light  
flickered nearby, making the scene even more  
magical. The sound of an owl's flight added to the  
night's charm.

Lila felt light and full of delight as she played under  
the starlit sky. Her joyful laughter echoed through the  
night, making it a memorable highlight.
