

Name _____

The Magic Cave

Dave and Kate loved to explore. One day, they found a hidden cave near the edge of the forest. The cave had a large stone at the entrance, and it looked dark inside. They were brave

and decided to go in.

Inside the cave, Dave and Kate saw a strange glow. They walked closer and found a shining stone. The stone had a note beside it. The note said, "Touch the stone and make a wish."

Kate touched the stone and wished for a ride on a huge wave. Suddenly, they were at the beach, and a giant wave came. They laughed as they rode the wave on a surfboard.

Next, Dave touched the stone and wished for a nice, big kite. The kite appeared, and they flew it high in the sky. The kite was red and had a blue stripe.

After playing with the kite, they went back to the cave. Dave and Kate felt happy and excited. They knew they had found something special and promised to visit the magic cave again.
