The Rocket Picnic

Tim and Emma were excited. They had a big plan for the day. They were going to have a picnic on a rocket ship! Tim packed sandwiches, and Emma packed cookies.

They climbed into the rocket and strapped in. Tim pressed a button, and with a loud blast, the rocket zoomed into the sky. They looked out the window and saw the clouds. It was so much fun!

When they reached space, they floated and ate their picnic. The cookies crumbled and floated too! They saw stars and planets. Emma spotted a shiny comet.

After their picnic, they flew back home and landed safely. Tim and Emma laughed and talked about their amazing rocket picnic.
