Name _____

Predictable Fun

Short Answer

1. How does repetition make it easier for young readers to recognize words?

2. Why do you think children enjoy stories where they can predict what happens next?

3. How does the phrase "If you take a mouse to school, he'll ask for..." help young readers understand the story's pattern?

4. What effect does the circular ending have on the reader?

5. How might a book without repetition be harder for new readers?
