

Name _____

Monster Song Hunt

One foggy evening, a group of friends went on a monster song hunt. They

heard a legend about a strong monster that sang a mysterious song. They brought a flashlight to see along the dark path.

As they walked, they heard a long howl that sent shivers down their spines. They found a frog with a very long tongue near a pond. The frog told them to follow the throng of fireflies to find the monster.

After a long walk, they came to a cave with a loud gong. Inside the cave, the strong monster was singing a beautiful song. The friends listened in awe, feeling brave and strong.
