

Name _____

The Brave Ant

There was a small, brave ant named Hank. Hank lived in a big nest with lots of other ants. One day, the queen ant asked Hank to find some food. Hank was quick and smart. He went to a park and saw a big picnic.

At the picnic, Hank found a bunch of crumbs. He picked up a big chunk and took it back to the nest. The other ants were glad. They clapped and cheered for Hank.

Next, Hank saw a duck by the pond. The duck was stuck in the thick mud. Hank was brave and decided to help. He got a stick and poked it into the mud. The duck used the stick to get out and quacked happily. The duck thanked Hank and flapped its wings.

Hank went back to the nest. The ants were so proud of Hank. He had found food and helped a friend. It was a good day for the brave ant.
