### The Magic Forest

One day, a girl named Lucy went for a walk in the forest. She took her dog, Spot, with her. The forest was big and green. Lucy loved to see the tall trees and listen to the birds sing.

As Lucy and Spot walked, they found a little path. The path was very pretty. It had red flowers and yellow leaves. Lucy and Spot followed the path. Soon, they saw a small house made of candy!

"Wow, look at the candy house!" said Lucy.

They walked up to the candy house. A kind fairy came out. She had wings that sparkled in the sun.

"Hello, Lucy and Spot," said the fairy. "Welcome to the magic forest. Would you like some candy?"

"Yes, please," said Lucy. The fairy gave them candy. Lucy and Spot were very happy. The candy was sweet and yummy.

"Thank you," said Lucy.

"You are welcome," said the fairy. "Come back soon and play with me."

Lucy and Spot said goodbye to the fairy. They walked back home with big smiles. Lucy could not wait to tell her friends about the magic forest.
