Short Answer Key

1. Robert Walton includes Victor's story because he finds it fascinating and wants to share it with his sister.
2. Victor describes the creature as terrifying and dangerous, making him seem like a monster.
3. The creature wants readers to understand that he was not born evil—he only became angry after being rejected.
4. If we only heard Victor's perspective, the creature might seem like a villain instead of a lonely being.
5. Mary Shelley used multiple narrators to show different sides of the story and help readers think about truth and perspective.
