Magical Flight Night

Emma stood on the hill,
ready for her magical flight
night. She held onto the

string of her bright kite with all her might. The stars
above were high and twinkled with delight.

Emma's kite soared to an incredible height, painting
the sky with vibrant colors. She watched as a nearby
firefly's light danced in the air. The gentle breeze
made the kite's tail swish and sway. Emma felt light
and full of excitement as she enjoyed the sight.

The night was perfect, with everything just right.
Emma knew this magical flight would be a special
highlight of her summer.
