

Name _____

Dragon's Strong Song

In a mystical land, there lived a dragon named Fong. Fong had a very strong and long tail that

could swish through the air with a whoosh.

Each evening, Fong would hum a soft, melodic song.

One day, Fong found a magical gong hidden in a cave. The gong made a beautiful, resonant sound that echoed for very long. Fong used the gong to create the most enchanting song the land had ever heard.

The villagers came from far and near to listen and sing along. Fong's songs brought joy and a strong bond among the villagers that would last lifelong.
