## Caring Earth

### Open-Ended Response Answer Key

1. She likely felt proud, happy, and at peace knowing she had made a difference.
2. (Varied responses) Some may say yes, because small actions add up, while others may say no, because it takes many people working together to create change.
3. (Varied responses) Students may mention planting trees, helping animals, reducing pollution, or cleaning up parks.
4. Taking care of the environment keeps the Earth healthy for people, animals, and future generations.
