

Name _____

The Fast Car

Jack had a fast car. It was small and red. Jack loved to zoom his car on the track. The track was long and had lots of bumps.

One day, Jack took his car to the park. He set up the track by a big rock. Jack's friend, Jill, came to play too. Jill had a blue car. They raced their cars on the track. Jack's car went fast, but Jill's car went past the rock and won the race.

Jack and Jill set up a ramp on the track. The cars went up the ramp and then down with a thump. They laughed and had fun. They took turns racing and jumping their cars.

After a while, they packed up the track and the cars. Jack and Jill went to the pond and fed the ducks. It was the best day with the fast cars and the ducks at the park.
