

Name _____

The Hidden Treasure

Once upon a time, there were two brave kids named Molly and Danny. They loved adventures and one day decided to look for hidden treasure.

They packed their backpacks and set off on their quest.

Molly and Danny walked through a thick forest. They had to step over fallen logs and duck under branches. Danny found a map under a rock. The map showed the way to the treasure!

They followed the map until they reached a deep, dark cave. Molly held Danny's hand as they entered. Inside, they found a big, locked chest. Molly used a key she found in the forest to open it.

Inside the chest, they found shiny gold coins and sparkling jewels. They jumped with joy and decided to share the treasure with their friends.
