

# John's Dream

John dreamed that he saw a UFO. In his dream, he went outside to play in his back yard. Suddenly, a big shadow passed over him. He looked up, and a massive spaceship was hovering over his treehouse. John watched, fascinated, and a little scared, as a beam of light came out of the bottom of the spaceship and landed on the door opening of his treehouse. When the beam faded, there was a little green creature with four arms and antennae on its head standing in the doorway looking down at John. John waved. The alien waved back. Then the beam of light landed on the alien and brought him back into the spaceship, which flew away. John ran inside to tell his mother what he had just seen.
