

Name _____

The Easter Egg Factory Adventure

Short Answer Key

1. The Sparkle Spinner machine rolled the eggs in a mixture of sparkles and edible gems, giving them a shimmering effect.
2. The Quirky Cracker machine cracked open the eggs to reveal surprises hidden inside, such as tiny toys, candies, and miniature puzzles.
3. The Easter Egg Factory was a place of creativity and whimsy because of the quirky machines and dedicated workers who collaborated to create colorful and enchanting Easter eggs. The workers wore funny hats and had their faces painted with colorful designs, adding to the whimsical atmosphere.
4. The workers wore sunglasses to protect their eyes from the dazzling display of glitter and jewels produced by the Sparkle Spinner machine.
