The Magic Cave

Jake and his dog, Duke, found a magic cave. The cave was by the lake, and it had a huge gate. Jake and Duke were brave and went inside.

Inside the cave, the walls shone with a blue light. Jake saw a note on the ground. The note said, "Make a wish and be wise." Jake closed his eyes and made a wish. Duke wagged his tail and waited.

Suddenly, a breeze came through the cave. Jake and Duke saw a vase appear. The vase was made of gold and had a nice shine. Jake was amazed. He picked up the vase and smiled.

Jake and Duke left the cave and went back to the lake. They felt glad and full of hope. The magic cave had made their day.
