## Fun with Puppies!

Let's talk about puppies! Puppies are small, furry friends who

love to play and wag their tails. Did you know that some puppies have spots, while others have stripes? They come in many colors like brown, black, white, and even gray!

When you see a puppy, you might want to say, "Aww, so cute!" Puppies love to run and jump. They make funny sounds like "arf" and "woof." Sometimes, they like to chase their tails in circles! When you see a puppy, don't forget to give it a gentle pat on the head. Puppies are friends who love you too!
