

Name _____

Magic Night Flight

On a moonlit night, a bright knight named Hugh prepared for a magical flight. He climbed onto

his dragon, a huge creature with glowing scales.

As they soared through the sky, Hugh marveled at the sights below. They flew over a large, silent forest filled with ancient trees. Hugh noticed a high, rugged mountain in the distance. The dragon flapped its strong wings and headed toward the peak.

Upon reaching the top, they found a magnificent castle surrounded by mist. Inside the castle, Hugh discovered a sparkling gem that glowed in the dark. With the gem in hand, they flew back to their kingdom, ready to share their adventure.
