

Name _____

Zoo Adventures

Welcome to the Zoo! Today, we are going to meet some animals with names that have a special sound in them. Let's start with the monkeys. Do you know what sound they make?

They go, "Ooo, ooo, ooo!" Can you say that?

"Ooo!" Monkeys love to swing from tree to tree and eat delicious bananas.

Next, let's visit the kangaroos. Kangaroos hop around with their babies, called joeys, in their pouches. Can you hop like a kangaroo? "Boing, boing, boing!" That's right! Kangaroos make the sound "Boo" when they hop. Can you say "Boo"?

Now, let's head to the aquarium. Inside, we'll find some creatures that live in the ocean. Look at the octopus! It has eight long arms and loves to swim in the water. Do you know what sound an octopus makes? It says, "Oooh la la!" Can you say that? "Oooh!" That's the sound of the "oo" like in "octopus".

And look, here comes a group of colorful fish! They swim together in the coral reef. What do you think they say? "Ooo, ooo, ooo!" That's right! Fish also make the sound "Ooo".
