

Name _____

Tech-Free Earth Day

Short Answer Key

1. The miraculous event of all technology and machinery stopping on Earth Day occurred, forcing people to reconnect with nature.
2. Sarah and her friends explored the forest, identified birds, and enjoyed the thrill of discovery on Earth Day.
3. The absence of cars on Earth Day made the air fresher and reduced pollution, as mentioned in the story.
4. Sarah's community organized Earth Day activities that included planting trees, tending to gardens, and cleaning up their surroundings. These activities were significant because they helped people reconnect with nature and appreciate the environment.
5. People realized that without the distractions of technology, they could reconnect deeply with nature and appreciate its importance in their lives.
