

Name _____

The Groundhog Guardians: Defenders of Earth

Short Answer Key

1. Groundhogs created tunnels and traps to confuse the Zogrons and divert them away from Earth's resources.
2. Dr. Amelia and Gus the groundhog developed the plan. The key to their success was the groundhogs' ability to manipulate the Earth's terrain through seismic waves.
3. Groundhogs' burrowing skills, intelligence, and the unique ability to manipulate the Earth's terrain made them suitable for the task.
4. They forged a deep bond because they had successfully defended Earth together, recognizing the importance of collaboration between species.
