

Name _____

The Magical Circus of Books

Open-Ended Response Answer Key

1. The Circus of Books combined the worlds of literature and performance by using acts and characters inspired by beloved children's books to bring those stories to life in a vibrant and interactive way. This created a unique and magical experience that celebrated the joy of reading.
2. The Circus of Books was likely trying to convey the message that books have the power to transport readers to extraordinary worlds and that the magic of storytelling can be a source of wonder and inspiration.
3. The Circus of Books celebrated the importance of imagination by inviting the audience to step into the worlds of children's books and experience the magic of those stories through performance. It showed that imagination knows no age limits and can be a source of joy for everyone.
4. Answers may vary. Students might choose a specific book based on their favorite story or one that they think would make an exciting and entertaining circus act.
