

Name _____

The Wizard Teacher's Magical Classroom

Short Answer Key

1. Sarah accidentally summoned a pixie in the classroom, and Professor Merlin intervened using his magical staff to contain the pixie and teach the students how to safely send it back to the magical realm.
2. Professor Merlin taught his students about the importance of respecting and coexisting with magical creatures like unicorns, griffins, and phoenixes. This was important to ensure harmony and safety in the magical world.
3. The students encountered misbehaving magical creatures in the magical forest, and Professor Merlin used his expertise to calm them. He taught his students how to respect and coexist with these creatures by understanding their behaviors and needs.
4. When Professor Merlin revealed his true identity as a wizard, the students felt astonished and grateful. He gave them magical amulets to remember him by.
5. The students learned valuable lessons about magic, responsibility, ethics, and the wonders of the magical world throughout the school year.
