### Three Paths

#### 1. Open-Ended Response Answer Key

2. Responses should discuss whether thinking before acting is wise or whether Hamlet waited too long.
3. Students should explain which character they think made the best decisions and why.
4. Responses should explore how the story might have changed if Hamlet had been more like Fortinbras—perhaps he would have survived.
5. Students should consider whether Shakespeare is saying revenge is dangerous, unnecessary, or a personal choice.
