

Name _____

Dangerous Curiosity

Open-Ended Response Answer Key

1. Some may argue he should have listened, while others may say curiosity is natural. The key idea is that ignoring warnings can lead to trouble.
2. She likely felt hope, desperation, and excitement, believing her son had returned, but also fear.
3. The Whites were warned, but they ignored Morris' advice because they were curious about the paw's power. This curiosity led to tragedy.
4. Answers will vary, but students should explain why they would or would not take the risk of using the paw.
